We, the Gudigars, belonging to the Backward Community living in this Malnad parts of the State, are very few in number The Government of His Highness the Maharaja of Mysore that in consideration of our deplorable condition have been pleased to bestow upon us several Boons to encourage us in our professional work of Sandal-wood carving in the shape of establishing a Gudigar Society and granting Sites for the construction of houses &c, for which we feel very highly indebted to the Government of our beloved Maharaja.

2. We further beg your gracious benignity that very poor as we are, we are not in a position to have our Sites kindly granted constructed for want of Funds as we have already spent more than Rs 500/- for that Jungle clearing and laying the foundation &c, of the Sites. The Building work has come to a stand-still for want of Building materials and further Funds, even the Society cannot afford to render any help for us in this matter, as it is still in its infant stage.

3. Under these circumstances we earnestly pray that in consideration of our poverty and the encouragement of our professional work that the Government may be pleased to extend their helping hands by means of granting us a loan of Rs 300/- each and free grants of building materials to the extent of 12 cartloads each on condition that the loan amount to be liquidated within Ten years by annual instalments at Rs 30/- per year.

4. We beg to close our humble petition with the full hope that our prayers, above, will be met with success.

S i r,

In continuation of my letter No.2042/C.S. dated 30th - October 1924 re: certain concessions to be granted to the Gudigars of Sagar Town, I have the honour to state that, when I had gone to Shimoga, I had requested the Assistant Registrar to investigate the matter thoroughly, and submit a report. I send, herewith, a copy of the report received from him for the information of Government. The grant of all the concessions recommended by the Assistant Registrar is very necessary for the Gudigars of Sagar to enable them to own good sanitary houses. It is not possible to build a fairly good small house for less than Rs.500/-. In this connection, I have to state that, on account of intemperate and unsteady habits and want of character, the Gudigars, in spite of their exquisite skill are not able to lead a thrifty life. With the exception of the houses to be constructed on the sites granted the Gudigars are unable to furnish any additional security for the loan which is to be given to them through the Society. In cases of default, the houses mortgaged to the society have to be disposed of, and if sold, they are not likely to fetch the actual cost of their construction. In this manner, there is likely to be - some loss to the Society, but every precaution will be taken to see that no loss occurs. If the Government is prepared to meet such a contingent loss, small it may be, for the sake of helping the poor Gudigars, I recommend that a loan of Rs.7,500 may kindly

kindly be sanctioned free of interest for a period of ten years to the Gudigars' Society, and that the concessions prayed for by them re: the grant of sites and the sinking of a well by the Municipality and the grant of timber by the Forest Department may also be granted.

I have the honour to be,

Your most obedient servant,

K H Ramaya
Registrar.

Letter No.1046/C.S. dated 4th November 1924 from the Assistant Registrar of Co-operative Societies, Shimoga Division, to the Registrar of Co-operative Societies in Mysore, Bangalore.

****

I have the honour to report that at the time of my visit to Sagar in August last, I held a General Meeting of the Sagar Gudigars' Co-operative Society and made enquiries in regard to the requirements of the Gudigars for house accommodation and their request for a loan for the construction of their houses. There are 27 members in the society at present out of whom 24 are gudigars who belong to 15 separate families. The heads of 12 of these families have been given sites by the Municipality in the Sagar town extension. Six more families require to be given sites. All the members represented that they might be given a loan of Rs.7,500/- from Government through the Gudigars Co-operative Society which might be recovered from them in monthly instalments. I also enquired in detail as to what the probable cost of their requirements would be. The particulars are noted below.

1. One public well to be sunk by the Municipality at an estimated cost of about Rs.400/-

2. Timber at a cost of about Rs.150/- per house to be given free of cost by the Forest Department.

The cost of constructing a house would be Rs.500/- as per details noted below.

1. Labour charges for cutting timber and carting it	Rs.75
2. do. for constructing the building	200
3. Tiles ..	75
4. Building materials (bricks etc)	75
5. Stones for foundation	50
6. Miscellaneous	25
Total	Rs.500.

The probable cost of each house thus comes to about Rs.500/-, excluding the cost of timber and site.

The concessions required by the gudigars for providing themselves with house accommodation are summarised below.-

1. Grant of sites by the Municipality free of cost to 6 gudigars who possess no sites now.

2. Sinking a well by the Municipality at a cost of about Rs.400/- for the use of the gudigars near their site

3. Grant of timber of the value of Rs.150/- per house by
